Energy Efficient Rebates

To receive your rebate without delay, fill out the other side of this form completely and mail it to the address below, with:

- A copy of your dated sales receipt
- A copy of your recent electric bill
- Sufficient ENERGY STAR® product documentation is required

Mail completed form, and the items listed above, to:

IEEP
P.O. Box 2489
Syracuse NY 13220-2489

Please *do not* send this form with your utility bill payment

General Terms and Conditions:

The IEEP may choose to inspect locations to verify satisfactory completion of the projects, and to measure and verify energy savings. Such inspections will be made at a time convenient to the applicant, with advanced notice to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the incentive award.

Customers are responsible for any such tax implications associated with reimbursement. The IEEP is not responsible for any tax consequences associated with any payments. The IEEP assumes no responsibility for performance of equipment and equipment warranty. The equipment must be purchased new and installed within the member utility's franchise service area within six months of receipt purchase date. The customer relieves the IEEP of any and all liability associated with this project. The IEEP reserves the right in its sole discretion to terminate or modify this program at any time.

Presented by your local municipal electric utility and the
INDEPENDENT ENERGY EFFICIENCY PROGRAM IEEP

Available anywhere "old fashioned" lightbulbs are sold, ENERGY STAR® CFLs use 75% less energy and last ten times longer than standard incandescent bulbs. CFL energy savings are greatest in light fixtures that are used at least 15 minutes at a time or several hours a day.

When refrigerators, freezers and air conditioners are recycled, 98% of their materials are reused, and harmful refrigerants are removed in an environmentally-safe manner. Don't just put these old appliances out to the curb—protect the environment by recycling them, and earn a $75 rebate for each one.

Appliances to be recycled must be in working order (cold and operational).

Energy Efficiency REBATES

from your local municipal electric utility

IEEP

and the Independent Energy Efficiency Program

Clothes Washers
Refrigerators, Freezers
Air Conditioners
Dehumidifiers
Dishwashers
Electric Water Heaters
Programmable Thermostats
Ceiling Fans
Windows

Take advantage of rebates offered by your municipal electric utility—and save money each month on your electric bills!

$125 / $100 / $75 Rebate
Electric Water Heaters

Receive a $125 rebate for capacity of 100 gallons or more. Energy Factor must be .91 or greater.

Receive a $100 rebate for capacity of 51-99 gallons. Energy Factor must be .92 or greater.

Receive a $75 rebate for capacity up to 50 gallons. Energy Factor must be .93 or greater.

$400 Rebate
Heat Pump Water Heaters

Receive a $400 rebate. Energy Factor must be 2.0 or greater.

$100 Rebate: Clothes Washers

Receive a $100 rebate for purchasing an ENERGY STAR® qualified clothes washer. ENERGY STAR® washers use on average 43% less energy and 75% less water than conventional models.

$75 Rebate: Refrigerator-Freezers

Receive a $75 rebate for purchasing an ENERGY STAR® qualified refrigerator-freezer. ENERGY STAR® refrigerators use 20% less energy.

Receive a $75 rebate for purchasing an ENERGY STAR® qualified chest freezer.

$50 Rebate: Dishwashers

Receive a $50 rebate for purchasing an ENERGY STAR® qualified dishwasher. ENERGY STAR® qualified models are, on average, 10% more energy efficient than non-qualified models.

$50 Rebate: Air Conditioners

Receive a $50 rebate for purchasing an ENERGY STAR® qualified room (window-mounted) air conditioner. ENERGY STAR® room air conditioners are 10% more efficient than conventional units.

Receive a $50 per ton rebate for ENERGY STAR® qualified central air conditioning units.

$30 Rebate: Dehumidifiers

Receive a $30 rebate for purchasing an ENERGY STAR® qualified dehumidifier. ENERGY STAR® dehumidifiers use 10-20% less energy than similarly-sized units.

$25 Rebate: Windows

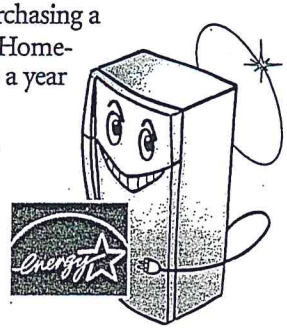
Receive a $25 rebate for purchasing an ENERGY STAR® window. U-value must be .35 or less. ENERGY STAR® qualified windows, doors, and skylights can reduce your energy bills up to 15%.

$25 Rebate: Ceiling Fans

Receive a $25 rebate for purchasing an ENERGY STAR® ceiling fan. ENERGY STAR® qualified ceiling fans with lights are over 50% more efficient than conventional fan/light units

$10 Rebate:
Programmable Thermostats

Receive a $10 rebate for purchasing a programmable thermostat. Homeowners can save about $180 a year by properly setting their programmable thermostats.



Look for the Energy Star® label when shopping for your new energy-saving appliances.
